Company activities

GENERAL CONSTRUCTION

- Geodesy, topographic survey
- Demolition and earthworks
- Foundation works
- Buildings and structures construction
- External and internal finishing works
- Landscaping
- Technological furniture
- Anti-corrosion, fire-prevention protective coatings

POWER SUPPLY AND ELECTRIC LIGHTING

- External and internal networks
- Transformer substations
- Facade, exterior and interior lighting
- Diesel generator sets
- Gas turbine plants
- Uninterruptible power supplies
- Variable Frequency Drives
- Electric motors

VENTILATION AND HEATING SYSTEMS AND COLD SUPPLY

- Multi split air conditioning systems
- Precision air conditioners
- Chiller and fan coil system
- Boiler systems
- Supply and exhaust installations and other equipment for ventilation systems
- Smoke removal system

IT SOLUTIONS AND COMMUNICATION SYSTEMS

- Data processing center
- Fiber optic communication lines
- IP phone
- Wired and wireless data networks
- Structured cable system
- Dispatch communication and speakerphone

SECURITY SYSTEMS

- Video surveillance systems
- Fire alarm
- Perimeter systems signaling
- Monitoring and control systems access
- Control alert systems evacuation
- Situation center

COMPLEX INDUSTRIAL SOLUTIONS

- Automated process control system and instrumentation
- Building Management Systems (BMS)
- Automated system environmental monitoring and control of industrial emissions
- Dispatching
- Mining centers
- Monitoring systems for load-bearing structures of buildings and structures

CONFERENCE AND MULTIMEDIA EQUIPMENT

- Sound equipment
- Lighting equipment
- video equipment
- Information display systems
- Integrated control systems
- Conference systems
- Voting systems
- Simultaneous translation systems
- Videoconferencing

IT OUTSOURCING, SERVICE AND REPAIR

STARTUP PROJECTS

Large projects

JSC NC KTZ

Technical security system. dispatching engineering equipment. Modernization of the payment systems.

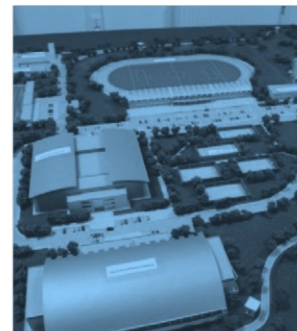

INTERNATIONAL SPECIALIZED EXHIBITION "EXPO-2017"

Installation and configuration services 67 security and integration servers data servers with an integrated security system object safety, situational center. Supply, installation and launch of the access control system, ticket sales and control, video surveillance and access control. technical support services, service and maintenance of delivered equipment and systems

URALSK AIRPORT

Design, supply and installation of all engineering systems and technological equipment (15 sections project)

REPUBLICAN BASE OLYMPIC TRAINING

Supply, installation, commissioning "turnkey" conference systems, audio, video building systems on site.

BAZIS CONSTRUCTION KARBATAN

Delivery, installation and commissioning equipment for communication systems under the project "Construction infrastructure facilities of the Special Economic zone "National industrial petrochemical technopark" in Atyrau region (sections Karabatan and Tengiz). Objects of engineering support of the GTPP. Engineering networks corridor, 1st stage, External water supply, 1st stage, and Installation water treatment and wastewater treatment, 1st stage"

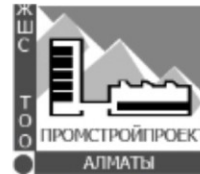

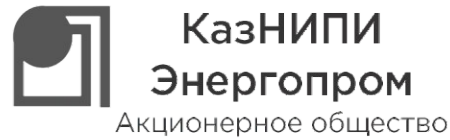

PLANT «ORBIS HEAVY MACHINERY»

Supply of electrical equipment and materials, commissioning and installation works of systems electricity supply

Recommendation letters

↓ *Available upon request

"ORBIS HEAVY MACHINERY" PLANT FOR THE PRODUCTION OF COMMERCIAL VEHICLES

LLP "Orbis construction" expresses its gratitude a gift from Infratech LLP for quality and fast work in the construction project "Reconstruction of the internal production production and assembly workshop Kia cars. We especially note flexibility and agility, high professionalism in the performance of work and timely delivery of executive and reporting documentation. All works completed on time, with high quality and in full volume. I recommend Infratech LLP as responsible, professional contractor suitable for all assigned tasks in good faith, responsibly and promptly.

PROCESSING CENTER DATA IN THE CITY OF KOSSHY

By this letter Joint stock company "Logic" confirms that during the time of cooperation partnership with Infratech LLP for facilities Modular Data Center, located in Kossy, and the control center and Crisis Situations (CCS) in the city Nursultan Ministry of Emergency situations of the Republic of Kazakhstan, the company showed itself exclusively with positive parties. Works on the supply of and subsequent installation of equipment - distribution networks and switchboard equipment, video wall installation/dismantling, as well as subsequent commissioning and systems setup. Considering the importance of objects and the complexity of the installation work, the company proved to be reliable and responsible partner. In connection with the above, Joint-Stock Company "Logiccom" is planning and further involve Infratech LLP in cooperation and will recommend company with your partner.

BUILDING RECONSTRUCTION OF THE AIRPORT OF THE CITY OF URALSK

We hereby inform you that for the time cooperation with LLP "Infratech" on the New Terminal Construction Project Airport in Uralsk in 2021-2022, the company performed positively sides. Infratech LLP was delivery, installation and commissioning adjustment of the following turnkey systems. During the cooperation, the company's staff Infratech LLP showed high qualification fixed technical readiness, ability to respond flexibly and in a timely manner to changing requirements and changes. We are satisfied with the work of Infratech LLP and recommend this company as reliable, professional, responsible partner.

TERRITORY OF THE OBJECT "RESTORATION OF LAKE TALDYKOL"

We hereby inform you that during the cooperation with LLP "Infratech" in the field telecommunication systems, systems security and automation this company showed itself on the positive side, cooperation time qualified the staff of the company "Infratech" LLP showed excellent technical knowledge and ability to respond quickly and flexibly to different requirements and changes. We satisfied with the work of LLP "Infratech" and willing to recommend this company reliable and responsible partner.

INTERNATIONAL SPECIALIZED EXHIBITION "EXPO"

We hereby inform you that Infratech LLP during cooperation with LLP "RTC" ("PTC"), as part of the installation work, setup and technical support integrated security system (system video surveillance, ticketing and accreditation systems, monitoring and control system access, turnstiles, X-ray television installations, perimeter security system - vibration fence) at the facilities of the international exhibition ASTANA EXPO-2017, recommended yourself as a professional, competent partner who can solve quickly and tasks assigned to him. We satisfied with the work of Infratech LLP and are ready recommend this company as reliable and responsible partner.

STATE THEATER OPERA AND BALLET "ASTANA OPERA"

By this letter NJSC GTOIB Astana Opera confirms the fact of mutual work with Infratech LLP. For the contract period relationship, the supplier has fulfilled its commitments in agreed by the parties on time and in accordance technical specifications.

BUILDING JSC "NC "KAZAKHSTAN RAILWAY"

Infratech LLP is a partner JSC "NC "KTZ" - "Economic Department" in the field of communications and security systems. Per time cooperation LLP "Infratech" has proven to be reliable and stable partner, providing flexible approach to customer needs, high efficiency and reliability, never avoiding missed deadlines. I recommend Infratech LLP as a reliable supplier and conscientious partner.

General construction

- Geodesy, topography
- Dismantling and excavation works
- Foundation works
- Construction of buildings and structures
- External and internal finishing works
- Landscaping of the territory
- Technological furniture
- Anticorrosive, fire protection coatings

Power supply and Lighting

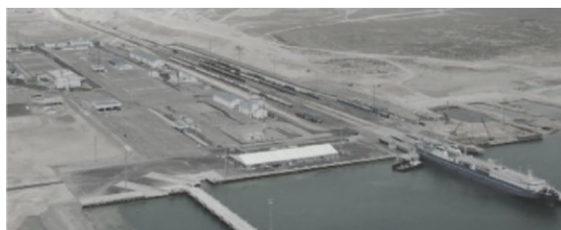

- External and internal networks
- Transformer substations
- Facade, exterior and interior lighting
- Diesel generator sets
- Gas turbine plants
- Uninterruptible power supplies
- Variable Frequency Drives
- Electric motors

MULTIFUNCTIONAL FOOTBALL COMPLEX

Nur-Sultan 2018

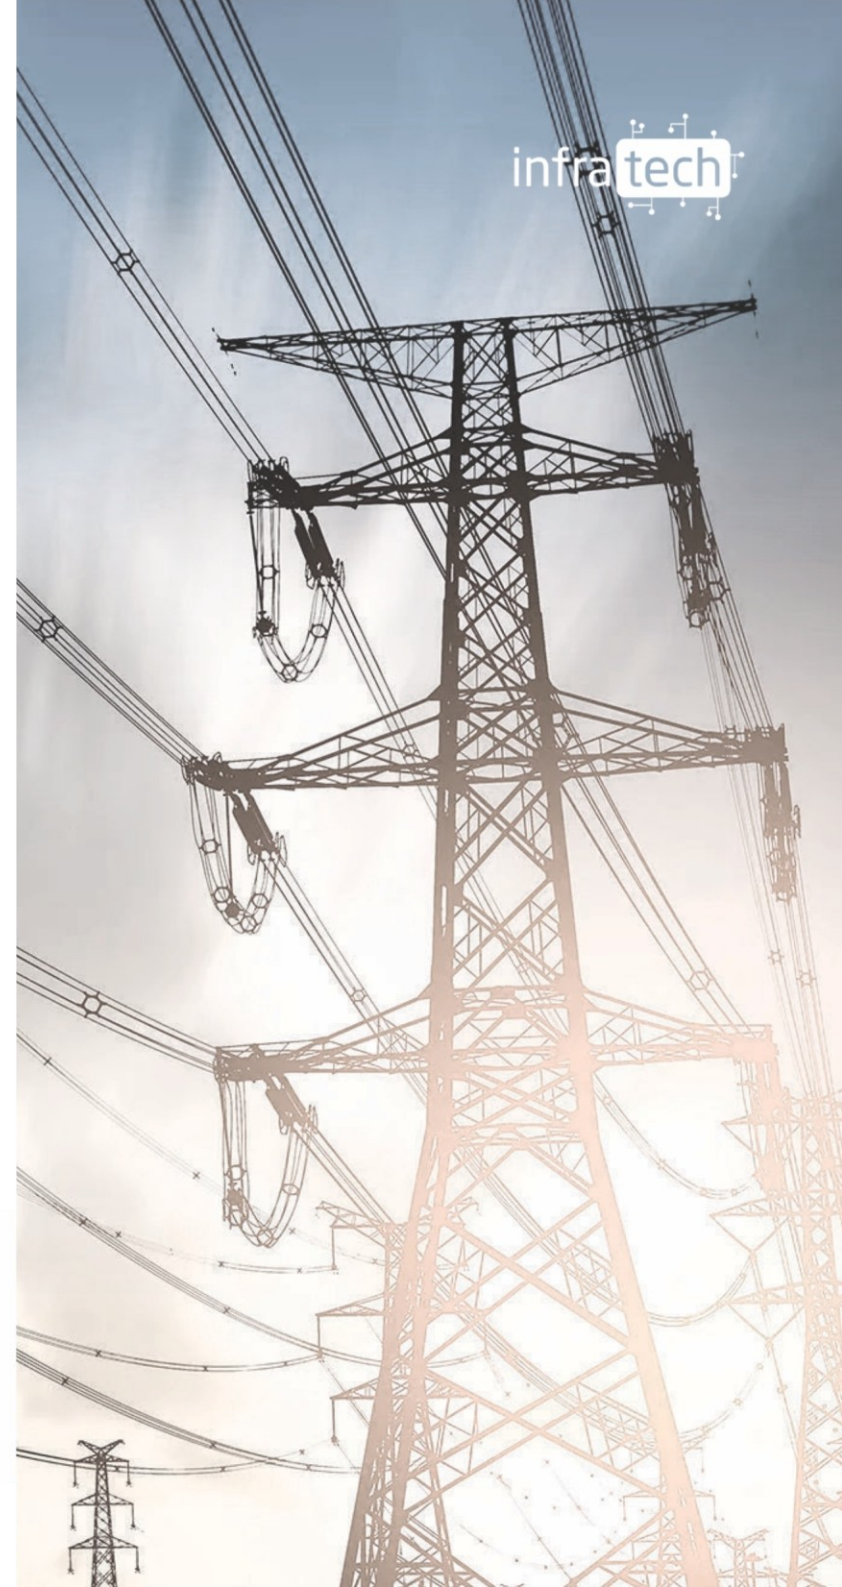

Supply of equipment and materials with further implementation of installation and commissioning works

MST SARZHA

Kuryk port 2020

Supply and installation of electrical equipment to the multifunctional sea terminal Sarzha

Ventilation and heating systems and cold supply

- Multi split air conditioning systems
- Precision air conditioners
- Chiller and fan coil system
- Boiler systems
- Supply and exhaust installations and other equipment for ventilation systems
- Smoke removal system

**RECONSTRUCTION OF THE BUILDING
URALSK CITY AIRPORT**

Uralsk 2021

Design, supply and installation of all engineering systems and technological equipment

KAMKOR TRADING HOUSE

Astana, 2021

Supply, installation and commissioning of ventilation and air conditioning systems of low-current systems, electrical protection, electrical equipment

TOSHIBA

Electrolux

VKT™

IT solutions and communication systems

- Data processing center
- Fiber optic communication lines
- IP phone
- Wired and wireless data networks
- Structured cable system
- Dispatch communication and speakerphone

TALDYKOL

FOCL construction. Telephony. Active equipment for data transmission networks. Dispatch communication systems.

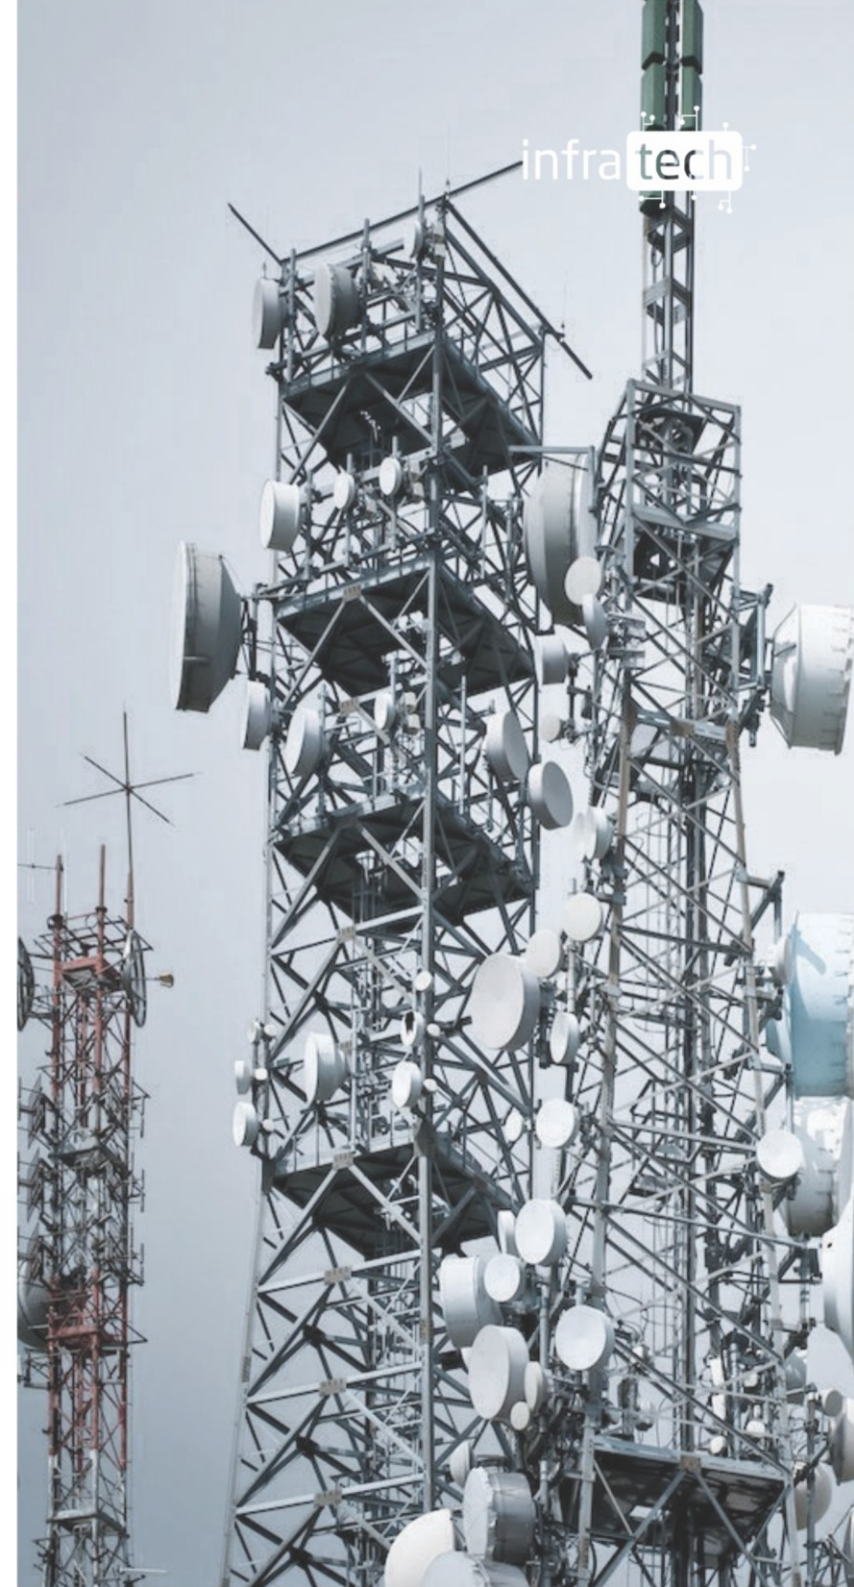

PAVLODAR

Work on the construction and laying of communication lines at the UOU-CDP section.

infra^{tech}

Security system

- Video surveillance systems
- Fire alarm
- Perimeter systems signaling
- Monitoring and control systems access
- Control alert systems evacuation
- situation center

**NK KAZAKHSTAN
TEMIR ZHOLY**

Nur-Sultan 2014

Residential modules at the stations of JSC NC KTZh.
Fire alarm system.

TALDYKOL

Taldykol 2016

Reclamation of the lake. FOCL construction. Telephony. Active equipment of networks data transmission (1st and 2nd stage).
Process automation system.

**POLTORATSK LPM
POLTORATSK LPU (GRP),
AKBULAK LPM**

South Kazakhstan region 2018

Perimeter video surveillance system (in collaboration with ANT Technology)

Complex industrial solutions

- Automated control system technological process and instrumentation
- Building Management Systems (BMS)
- Automated system environmental monitoring and control of industrial emissions
- Dispatching
- Mining centers
- Monitoring systems for load-bearing structures of buildings and structures

VMP PLANT

Nur-Sultan 2018

Works on power supply, low-voltage systems, communication systems, ventilation, SCS, ACS.

CASPIAN CONTRACTORS TRUST

Novoishymsk 2021

7 KNS and KOS, delivery, commissioning and installation of process control systems for 7 KNS and KOS.

NGO NDP «NUR OTAN»

Nur-Sultan 2008

Delivery, installation and service. Video scene, conference system, cinema.

JSC NC KTZ

Nur-Sultan 2008-2012

Delivery, installation and maintenance of conference systems.

StartUp projects

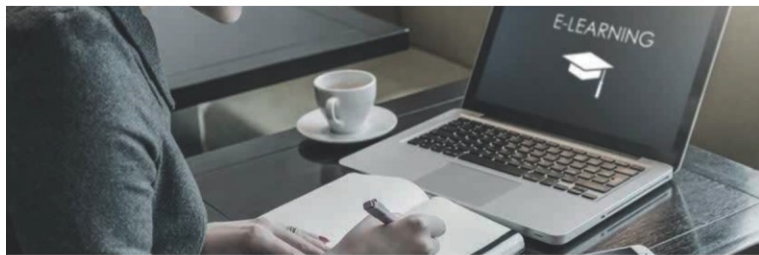

E-FORUM

An intelligent platform for holding various events of any complexity (from seminars to forums at the highest level)

E-CARGO

A portal for cargo transportation that will unite all market participants

E-SKILLS

Unified Automated Networking Platform. With the help of which it is easier and more efficient to interact with all participants in the process of professional training and advanced training, obtaining and storing electronic documents confirming the existing personal and business competencies.

Manufacturing facility

Infratech company has at its disposal a production workshop for assembly:

- Cabinets for environmental monitoring and control of industrial emissions into the atmosphere
- Electrical panel products
- Automatic control cabinets
- Transformer substations

SIEMENS DKC

EUROLAN
CONNECT IT

ZUCCHINI
